## GET RID OF HUMORS

Dry, moist, scaly tetter, all forms  
of eczema or salt rheum, pimples  
and other eruptions come from  
humors, which may be either in-  
herited or acquired through defec-  
tive digestion and assimilation.

To treat these eruptions with dry-  
ing medicines is dangerous.

Hood's Sarsaparilla, the old reli-  
able medicine, helps the system to  
discharge the humors, and to im-  
prove the digestion and assimila-  
tion.

From your druggist get Hood's  
Sarsaparilla, which may be confi-  
dently relied upon to do its work. It  
purifies the blood, tones the stom-  
ach, and builds up the whole sys-  
tem. It goes to the roots of dis-  
eases, and its beneficial results are  
permanent. It sets things to rights  
in the system. Remember to ask  
for Hood's Sarsaparilla, because  
nothing else acts like it and nothing  
can take its place.

## Deafness Cannot Be Cured

by local applications, as they cannot reach  
the diseased portion of the ear. There is  
only one way to cure deafness, and that is  
by constitutional remediation. Deafness is  
caused by an inflamed condition of the mu-  
cous lining of the Eustachian tube. When  
this tube is inflamed you have a running  
ear or imperfect hearing, and when it is  
entirely closed, deafness is the result, and  
unless the inflammation can be taken out  
and this tube restored to its normal condi-  
tion, hearing will be destroyed forever; also  
ears out of ten are caused by Catarrh,  
which is nothing but an inflamed condition  
of the mucous surfaces.

We will give One Hundred Dollars for any  
case of Deafness (caused by catarrh) that  
cannot be cured by Hall's Catarrh Cure.

FRANK E. HOWE, Editor and Pub.

Saturday, May 13, 1916

Tuesday, May 16, 1916.

The presidential primary polls close  
this evening at 8 o'clock. Every Re-  
publican, every Democrat and every  
Progressive have this opportunity to  
make their choice as to the presiden-  
tial candidate of their party. It is the  
first time this privilege was ever given  
Vermont and voters should express  
their preference.

The licenses of Hotel Vermont and  
the Van Ness at Burlington have been  
revoked. It came about in a curious  
manner. The two hotels were leased  
this spring to a man outside the state  
and not eligible to hold a license. Ac-  
cordingly the two liquor licenses were  
taken out in the name of Max L.  
Powell, the principal stockholder. A  
few days ago it was discovered that  
Powell was not eligible because he is  
an office holder, being a member of the  
state senate. When the matter was  
called to their attention the commis-  
sioners had to revoke the license.  
They will doubtless be reissued in a  
few days, but Max is said to be wor-  
ried over the question whether the  
state will pay back the \$1800 which he  
paid for the two licenses. It isn't cus-  
tomary when licenses are revoked.

The Banner does not understand H.  
Nelson Jackson's meaning when he ob-  
jects to the issuing of stickers for  
Hughes without the "sanction of the  
Progressive party." There must be  
some misprint in Dr. Jackson's mani-  
festo as published. What business is  
it of the Progressive party or any other  
party what a group of the support-  
ers of one of the candidates may do to  
promote the success of the man whom  
they desire to nominate? The Repub-  
lican state committee blundered in  
the matter by allowing the story to be  
circulated that the committee would  
furnish stickers for all the candidates  
and then failing to do so or to deny the  
story until a few days before the vote.  
It isn't the state committee's duty to  
promote any one candidate or to favor  
the supporters of any one candidate  
and the Banner does not think the  
committee intended to do so. The  
circumstantial evidence is against the  
state committee, but we feel confident  
that its mistake was a blunder  
and not a premeditated wrong. It is  
important in all public matters to  
avoid the appearance of evil.

## Y. M. C. A. CONVENTION

International Gathering Now in Ses-  
sion at Cleveland.

Today is the fifth and last day of the  
international triennial convention at  
Cleveland, Ohio, at which are gathered  
a thousand guests, in addition to 2,000  
accredited delegates, and many hun-  
dreds of "corresponding members." These  
represent 700 city associations, 250  
railroads, 800 colleges, 600 rural  
associations, and army and navy  
branches.

A number of important matters af-  
fecting the administration of the  
Young Men's Christian Association of  
North America have come before the  
Convention, including a more democra-  
tic supervision, importance of the  
work with the armies in Europe, the  
supervision of the associations in for-  
eign lands, a retirement fund for se-  
cretaries, training institutes.

A remarkable group of men promi-  
nent in civic and religious life are ad-  
dressing the convention. These in-  
clude General Leonard Wood, Dr.  
John H. Jowett of New York City,  
Bishop Wm. F. McDowell of Chicago,  
John D. Rockefeller, Jr., President  
Garfield of Williams College, Raymond  
Robins, the noted social worker of  
Chicago, Hon. N. W. Rowell, leader of  
the opposition in Ontario, President  
Mackenzie of Hartford Theological  
Seminary, Secretary Franklin D.  
Roosevelt, Robert E. Spear and many  
others.

Ever notice that "Helmar" Turkish Cigarettes  
are the big favorites with men who sail boats?

Why? Ask any yachtsman.

It's because "Helmar's" flavor is so rich and true—  
it's the one cigarette that tastes as good on a breezy deck  
as down in the cabin.

"Helmar" leads the fleet by miles.
